

## **PFERD Australia: Exclusive Distribution of VSM Abrasives**

The close cooperation between PFERD and VSM is progressing at a rapid pace. Following the takeover of AME, the abrasives finishing company formerly in charge of exclusive VSM distribution activities in Australia, PFERD and VSM are expanding their joint effort at the worldwide sales and distribution level. Since the start of the year 2001, abrasive products finishing and packaging operations have been continued with enhanced efficiency by our Australian subsidiary in Dingley.
